

ALL NEW - Daily Contact Sheet

Starting today we are implementing a service called myMAX. It will take me, your provider a week or two to engage 100% of this service, and it is designed to increase your knowledge of my care for your child(ren). Starting today you will receive a Daily Activity Sheet delivered to your email inbox after you pick up your child. I want to be the best Provider I can be and I believe this document offers you 'peace of mind' knowing what your child accomplished throughout their day. Below is a sample of what you will be receiving. If you DON'T want to receive this document, please let me know and I will delete your email from my records.
